

# Continuous Flatbed Inkjet Cutter

“Accuracy Feeding paper System With 2 Hp45 Heads” Inside

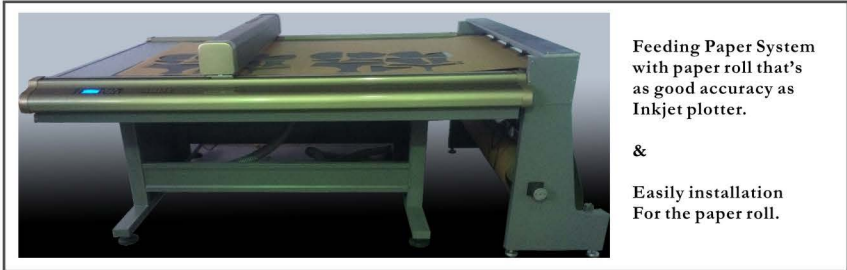

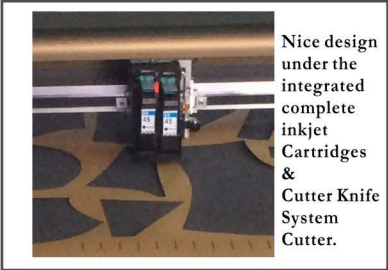

2015 Flatbed Inkjet Cutter Features :

- ★ Automatic Suck&Stop to any paper board or man-made feather etc. by Low-noise Air pumps(with Anti-noise accessory).
- ★ Automatic Feeding paper device same thing with accuracy Inkjet plotter to suit the roll-paper continuously working.
- ★ “Automatic knife depth adapting system” help to easily find best knife-depth value as change to new or different knife in a second fully automatically.
- ★ Intelligent mother board with Servo Motor used for low noise working.
- ★ Intelligent mother board with Smart Net-work control by Servo system.

## Models&Specs for Jindex Flatbed Inkjet Cutter:

Model	JD-JC-1209A	JD-JC-1509A	JD-JC-1512B	JD-JC-1812B	JD-JC-1816B
Max. Cut Width	90 cm	90 cm	120 cm	120 cm	160 cm
Max. Cut Length	120 cm	150 cm	150 cm	180 cm	180 cm
Max. Cut Speed	90 cm/s	90 cm/s	90 cm/s	90 cm/s	90 cm/s
Gross Weight	280KG	300KG	420KG	560KG	700KG
Cutting Accuracy	0.1mm allowance.				
Max. Cut thickness	2mm for Paper Board, 1mm for the PVC etc.				
Cut Curve	Auto smooth and optimized technology for the curve, it can cut more accuracy.				
Files formats	HPG, HP-GL and GP-GL, Directly driver by Autocad etc.				
Inkjet/Cut Heads	Double heads design: Two HP45 cartridges and 2nd Cut-head to cut.				
Inkjet/Blade Type	Knife type: Normal knife to cut 1mm paper board: the Hp45 Cartridges to be working by free maintenance				
Cut Materials	60gram to 800gram weight paper board, and normal 0.1-0.2mm plastic board, man-made leather for home furniture etc. industry.				
Materials sorption	Low-noise Vacuum System With Powerful Air Pumps as standard				
Power	Cutter: 800W, AC 220±10%, 50HZ; Air Pump: 1500W, AC 220±10%, 50HZ;				
Temp&Humidity	Temp: 0°C-45°C, Humidity: 20%-60%				
Port	Super LAN Port				
Main Shaft	Control by Advanced Servo control system, Servo motor as Optional.				

**Compatible CAD SYSTEM:**

GERBER	LECTRA	VETIGRAPH	PAD	ASSYST
DOCAD	OPTITEX	INVESTRONIC	TORAY	TUKA
