

Jindex iPlot UPS Inkjet Plotter

UPS Lan Port Inkjet Plotter Features
 High-Speed & Cost Saving Inkjet plotter

Jindex iPlot-UPS Inkjet Plotter briefs:

Based on Jindex Hp45 series Inkjet plotter style in 2010, upgraded by the German Newly- LAN Transmission technology, Globally, Jindex succeed to Launch a **-3i(i-plot)** Lan-Inkjet plotter driver.

1i. Transmission to 50 inkjet plotter by a Computer with the Router, the HPG/PLT/PRN etc. files are all compatible.

<input checked="" type="checkbox"/> 192.168.5.17	ON	60-D5-06-3E-52-59	30FFD6053047393722551243
<input checked="" type="checkbox"/> 192.168.6.17	ON	60-D5-06-3E-52-59	30FFD6053047393722551243

A computer Control
6 sets i-plotters.

2i. integrated System Optimization :

1. Computerized plotting percentages indicator can be displayed, ink-out and lines alignment test & different speeds etc. can be customized as per actual demands.
2. With feeding motor to bear 50KG paper roll; inside printing platform where're two guide rails for two press paper slices etc to anti-scratch paper by the heads.
3. One head can be upgraded as two or four heads plotter easily to improve your print ability for future.

3i. Artificial Intelligence Errors Correction :

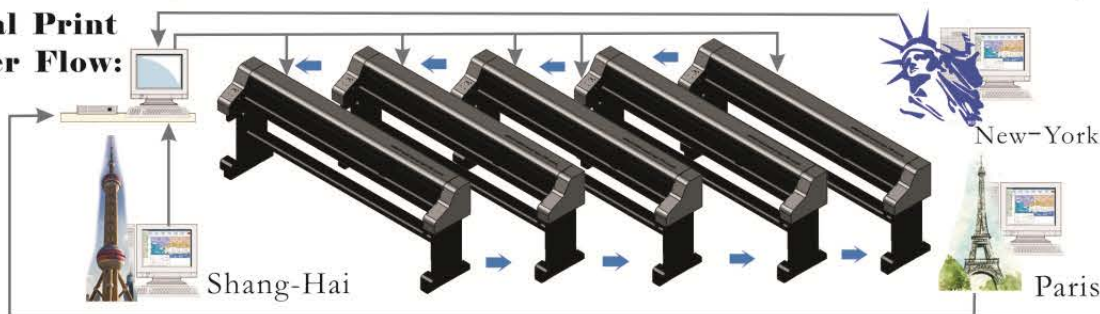

1. With the intelligent memory functions to remember the stop position for further continuous printing when power off.
2. Auto-inkout functions if ink is dry when pause plotter.
3. Automatic IP search function, no need install the driver.

Specification & Work flow of printing by LAN:

Model	JD-UPS2-165IP	JD-UPS2-185IP	JD-UPS4-205IP	JD-UPS4-225IP
Max Plot Width	165 cm	185 cm	205 cm	225 cm
Max Paper Width	170 cm	190 cm	210 cm	230 cm
Plotting Speed With Resolution	90SQM/Hour 300 dpi	90SQM/Hour 300 dpi	180SQM/Hour 300 dpi	180SQM/Hour 300 dpi
Recall Plotting Emergently	If any emergency happen, you can save the plotting files, and then recall the uncomplete markers to plot the drawing.			
Carriage Type	HP45A/B; 300-600 DPI NOZZLE without maintenance			
Carriage Number	Two HP Head		Four HP Heads	
Curves quality	Computerized smoothness control for lines and Curves, it assure to kill any joints' tooth, the curves are smooth always.			
Length warranty	Continuous & accurate plotting 100 meters without joints			
Feeding Motor & Paper Collection	Newly Feeding Paper Motor can make plotting X/Y size 100% accurate; Automatic collecting paper into front roller-bar, or collecting paper free.			
Port/Interface Electricity Power	Super LAN Port <300W; 110-260V AC; 47-66HZ; (Option:90-120V)			
PC terminal software advantages	Super Terminal PC control software is a dynamic adjusting software with the Server host database, it can preview, edit the queuing files orders in the server computer realtime.			
Server Host software advantages	The Server Host control software is a main edit & plotting processing control software for all the files from different terminal computers with queue changes, preview and other functions.			
LAN & Multi-Plotter plotting On-Line	Realize a computer to control 50 Inkjet Plotters to print at same time by LAN. Each plotter can be setup and controlled easily in Lan.			
Monitor & Paging Technique	Real-time to monitor and remind all kinds of plotting status including the used and remained paper, ink volume, marker length progress etc.			
Gross Weight	120KG	160KG	200KG	240KG
Servo Control Way & Its Advantages	With Newly innovative coder wheel Servo Motor under closed loop control make Inkjet Plotter more smart and stable working, assure 100% maintenance free.			

Global Print Center Flow:

Compatible CAD Software:

GERBER	LECTRA	VETIGRAPH	PAD	ASSYST
DOCAD	OPTITEX	STYLECAD	TORAY	TUKA
